

# #RegioHack

Polsko-niemiecki hackathon online dla lokalnych i zrównoważonych innowacji biznesowych

**Polish-German online hackathon for local and sustainable business innovation**

Deutsch-polnischer Online-Hackathon für lokale und nachhaltige Geschäftsmodellinnovation

**48-hour online innovation challenge**

**25. – 27. September 2020**

free online event

[www.regiohack.eu](http://www.regiohack.eu)

# About the event:

#RegioHack is a cross-border **online hackathon** that focuses on the development of innovative, sustainable and local business models in the polish region of Szczecin and the german regions of Uecker-Randow and Uckermark.

# How to participate:

Join the event as a **regional stakeholder** and present a challenge to be solved by participating teams during the hackathon!

Participate as a **creative problem solver** and work online in an international team to develop a solution for a chosen challenge within 48 hours!

# What to get:

All participating teams are **supported by local experts and coaches** during the hackathon. Based on their results, three teams get awarded by an international jury and **win a special coaching retreat** to meet in person and to further develop their concepts and solutions!

# More information and registration:
